Please Support Roosevelt School Rose Run on April 12th with Donation to REEF

Rob Misleng, UEA Board Treasurer, is an actively-involved Roosevelt School parent. He reminds us that a benefit of living in the Upper East is our local Roosevelt Elementary School. The Roosevelt Elementary Education Foundation (REEF) is the school's volunteer-based parent/teacher association that efficiently uses financial donations received directly for classroom supplies, field trips & critical positions and programs for TK-6th graders, not funded by the State or District. Please consider supporting our neighborhood school with a check payable to REEF, 1990 Laguna Street, SB 93101. REEF is a nonprofit organization, under IRS Code section 501(c)(3) and is qualified to receive tax-deductible transfers and gifts. For more information, www.rooseveltschoolsb.org.

UEA Summer Social in the Rose Garden

Let's get together for a fun mid-summer potluck!

July 3rd from 4-6pm.

Looking for volunteers to help. Please contact UEA Board member Frank Paolino at frank@maysoft.com.

Old Mission Docent Training - 4 Wednesdays starting April 24, May 8, 15 & 22 - from 10am-noon

Do you love history? Do you enjoy meeting people from all over the world? As a docent at Old Mission Santa Barbara, you'll learn what makes this beautiful National Historic Landmark the #1 visited site in Santa Barbara and share its fascinating history with our many visitors.

Email: sboldmission.org or call Laura at (805) 682-4713 x166. For more information: www.santabarbaramission.org/docents.

MYN/Emergency Preparedness Trainings Offered by UEA

On the evening of March 5, Kathryn Hinsch led the first of UEA's two 2019 Map Your Neighborhood/Emergency Response trainings. UEA also performed two trainings in 2018. The training walks participants through a simple nine-step process that allows them to customize an emergency preparedness plan and identify potentially lifesaving resources available in neighborhood. More information can be found at <https://www.youtube.com/watch?v=sAPV6JW49XI>.

To date, about 100 households have been trained. Approximate location of trained households are depicted in map below.

The next training will be held April 2nd. If you did not sign up, and would like to participate, email us at ueacomm@gmail.com and write "request MYN training" in the subject line.
